

Global Kufferath welcomes Creasoft to the Group

Kufferath announces the commercial allegiance with the software company Creasoft at Productronica in Munich

Moers/ El Paso, November 2019 – The Kufferath Group announced the integration as the new member of the group, software company CREASOFT S.L. at Productronica in Munich.

With this commercial allegiance, The Kufferath Group will increase its wallet of products which in turn will allow us to be more present at a global level and thus be able to continue offering the best products and give the best service to all of our current and future customers wherever they are.

This is a step forward always seeking to be at the forefront in this increasingly and demanding global market.

“We are sure that, together with Creasoft, we will be able to meet future market demands and react more swiftly to any requests regardless of their complexity”.

Together as one – In Unison
